

UNITED STATES GOVERNMENT

Memorandum

TO : The Files

DATE: 28 February 1963

FROM : [REDACTED] 25X1A9a
25X1A5a1

SUBJECT: Facilities Inspection - [REDACTED]

25X1A5a1

1. On 25 February 1963, the undersigned visited the [REDACTED] Corporation for the purpose of discussing the company's capability in producing a high speed facsimile machine. I was accompanied by the following Agency representatives:

Mr. [REDACTED]
Mr. [REDACTED]
Mr. [REDACTED]

25X1A9a

25X1A5a1

2. Arrangements for [REDACTED] of their Washington Office and San Jose was represented by:

25X1A5a1

25X1A5a1

3. A laboratory demonstration of their high speed facsimile machine [REDACTED] was given. See attached document prepared some time ago for another component of the Agency. It appeared as though this unit is still very much in the laboratory stage of development. We were given a tour of the laboratory and shown the work that was being carried out in Optics, Photochemistry, and image communications.
